FAMILY

Raising a family and running a successful business.

Luanne has been successful in 3 business, where she has grown with her husband, their originally "home based business" – South City Plaster – from an annual turnover of \$200,000 to an incredible **\$3.5 Million dollars** within 5 years! & the best part is she only worked 1 day per week in that business. Her other hours were used following her Life's Purpose.

I attribute much of the South City Plaster success due to having a Business coach. Interestingly, I found that the predominately male business coaches, although they were very good, there was something missing when dealing with female business clients.

I am an avid believer in personal development and have read many, many books and attended numerous workshops and conferences to learn all that I could do to better myself; in business as well as metaphysically.

I have always been an "entrepreneur" at heart. For a long time, I was searching for my dream business and one day I discovered that you didn't have to just have one business. You did, however need to be passionate about your business.

And from passion was born "Goddess on Purpose".

Your audience will be connected, stimulated, uplifted & want to ACHIEVE ACTION for their LIFE PURPOSE
